

Agriculture Seminar Series-IV

Rice in Nepal: Research achievements and way forward

Mr. Sudeep Subedi

Mr. Sudeep Subedi, Technical Officer (Plant Breeding and Genetics) at Nepal Agricultural Research Council (NARC) since April 2012, is a rice breeder from young generation. He pursued his M. Sc. (Agricultural Extension) from Tribhuvan University in 2013 and M. Sc. Plant Science (Specialization in Plant Breeding and Genetic Resources) from Wageningen University and Research, The Netherlands in 2017. At present, he is working as a breeder in rice improvement and development programs for mid and high hills of Nepal by using local, indigenous and introduced materials. He has published more than 30 research and review papers in national and international peer reviewed journals and proceedings. His major areas of research interest are molecular plant breeding, pre breeding, conservation and utilization of plant genetic resources and extension of the research findings.

Date: 24th June 2021 (Thursday)

Time: 11:00 am to 12:00 pm
